ANCHORING GLOBAL INNOVATION IN SAN ANTONIO

We are working to secure the U.S. footprint for YNOIS Pharma, a Belgian company advancing a novel sepsis treatment, following their decision to expand into Texas. In partnership with local stakeholders, we are showcasing San Antonio's clinical and operational strengths to anchor their presence here. We convened key ecosystem leaders—including STRAC (the Southwest Texas Regional Advisory Council, which coordinates regional trauma and emergency healthcare), greater:SATX, the Defense Health Agency, the Military Health Institute, and BioMedSA—to demonstrate the collaborative power driving our bioscience sector forward.

VIBRANT PLACES & SHARED SPACES

KEY HIGHLIGHTS

Leasing

- Executed leases with tenant Velocity Bioworks for the Music Bldg. and Merchants Ice Bldg. 3rd Floor.
- Executed lease with tenant Tivic Health for an office at the Innovation Center.

FEATURED STORY

We're excited to announce the acquisition of 1403 E Houston St, a 4,295 SF cold storage facility situated on a 1.02-acre lot that anchors the northeast corner of Houston and Cherry Streets. Located directly across from the Innovation Center, the property is contiguous to our existing footprint and further strengthens our presence in the district. With specialized temperature-controlled capabilities, the facility expands our capacity to support bioscience innovation and future growth along the Eastside corridor.

PEOPLE & COMMUNITY WELL-BEING

KEY HIGHLIGHTS

- **Step Into STEM:** Hosted Kitty Hawk MS (Judson ISD) for a Step Into STEM workshop. Students from their J-STEM program alongside other Kitty Hawk students extracted their own DNA and built robot hand prototypes, competing to win tickets to the Texas Cavaliers River Parade.
- **District 2:** Hosted a meeting of presidents and secretaries from around City Council District 2, for a training on Robert's Rules of Order. We were excited to host representatives from so many Eastside neighborhoods.
- **Better Futures Institute:** Hosted BFI's Civic Tech Scholars for curated presentations by the USAISR, Alamo Angels, and UT San Antonio's School of Architecture and Planning.

FEATURED STORY

Last month, VelocityTX hosted the launch of the 2026 Food Horizons Policy Brief, convening community leaders to address childhood food insecurity in Bexar County. The discussion, led by Food Horizons Founder Asantewaa E. Lo-Liyong and UIW's Dr. Ana Carla Cepeda Lopez, highlighted how early nutrition shapes lifelong health and learning, and underscored the importance of collaborative solutions in solving food insecurity.
